AUCTION ANNOUNCEMENT . . . . . Backcover

The annual subscription cost to our regular fixed price catalogs (on coins, medals, tokens, etc.) including a yearly catalog on books available and special discount catalogs as published is $3.00. In addition, to our regular catalogs, we will hold a minimum of two auctions, which will either include or specialize in coins, etc. The annual subscription cost to our auction catalogs including prices realized is $3.00. And we also publish fixed price catalogs on world paper money and the annual subscription cost is $2.00. Should you wish to subscribe to all three of the above the cost is $6.00. Airmail on any or all of the above, U.S. addresses (includes all 50 states, U.S. possessions, APOs and FPOs) cost is an additional $3.00. Airmail on any or all of the above, foreign addresses, cost is an additional $5.00. The names of non-subscribers may be removed from our mailing list at any time without notice.

Postage and insurance (or registration) fees will be billed on all orders without advance payment. We will absorb the mailing fees on all orders accompanied by full payment. All orders under $10.00 must include $.50 handling. The above also applies to overseas orders. However, we cannot be liable for items sent to countries that do not provide for insurance.

Applicable Texas Sales Tax must be included on all intra-Texas transactions. Texas dealers must furnish their permit number in order to be exempt from the tax. All prices quoted are in United States Funds.

All items are guaranteed to be genuine unless otherwise noted. All items except books and numismatic supplies are sent on five-day approval. Unless prior extension is arranged, all items must be completely paid for within fourteen days after their dispatch from our offices. After that a 1% per month interest charge will be added.

The references used to catalog these sections are: (1) Primarily Elizondo's Eight Reales and Pesos of the New World book, the first numbers are the code numbers, and the "T" numbers are the type; (2) Yeoman's Catalog of Modern World Coins book - these are the "Y" numbers used to cross-reference each Elizondo type; (3) When Yeoman is not applicable, we are referring to W. D. Craig's Coins of the World 1750-1850 book, which are the "C" numbers.

Elizondo's numbers are used by all of the leading numismatists in the United States and abroad. Collectors without a second edition are urged to obtain a copy. The book is available from us at $12.50 postpaid.
